Mike Willis
United States Deputy Sheriff's Association
National Training Director / Law Enforcement Program Coordinator

Mr. Willis,

On behalf of the Clinton Police Department, I would like to thank you for your generous equipment donation. As a smaller department, we suffer from the same issues with sinking budgets and loss of revenue as everyone else. Your safety equipment and portable breath tester will make a difference in our community. We are grateful for the United States Deputy Sheriff's Association support of local law enforcement and appreciate your efforts in making our Officers and community safer.

Paul Rinkel
Chief of Police.
