Ryan Hefferman
Patrolman #308

Serving: Conneaut Lake Borough
Sadsbury Township
North Shenango Township

On behalf of the Conneaut Lake Regional Police Department, I would like to thank the USDSA for their generous equipment donation to our department.

Our department was in dire need of flashlights for our officer's safety and a PBT as we were down to just 1. Thank you to Mike Willis for the immediate response and great communication to get the equipment ordered and delivered a very timely manner.

Our department is a 24/7/365 department, with 1 officer per shift. With officers uniform allowance being very minimal, these flashlights not only are an officer safety tool, but that allows the officers to purchase other much needed things. Being short handed on shift and not always having back up or back up close, a flashlight is an officer's best friend.

With being provided another PBT, this allows us to be able to keep from constantly having to move the one we have between our cars taking a chance on damaging it and then us being without one. Our jurisdiction has several establishments that serve alcohol and it's not uncommon to use a PBT at least once or twice a night in the summer time.

The 5 flashlights will be passed out to the officers in need and the PBT will be immediately placed into a patrol vehicle to be used as soon as needed.

Again, thank you USDSA and a special thanks to Mike Willis for making this happen, we are very grateful that you were able to help us.

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Hefferman", written over a horizontal line.

Patrolman Ryan Hefferman
