Blue Line Survival Training

Mike,

On behalf of Sheriff Dewey H. Hatcher Sr. and the Dixie County Sheriff's Office, we want to thank you again for the training you and Dave Hinner provided for us on October 25 and 26. The high risk felony traffic stops training was very informative and useful. Our deputies will be able to take what they have learned from this training and be able to safely conduct felony traffic stops. I believe that this is the third time we have had you and Dave train with us, and as always the knowledge and professionalism that you both display is outstanding.

Thank you once again for your commitment to train the many law enforcement officers in this country. We are looking forward to the next time we train with Blue Line.

Sincerely,

Dean Miller, Major
Dixie County Sheriff's Office
