Dear Mr. Willis

Respectfully Submitted;

I just wanted to take a second to show our appreciation for the equipment that has been purchased and donated to our Department. The Intoxilizer arrived with a bag of mouth pieces, and has been used on numerous occasions. The ballistic shield has also been used on numerous occasions, with our department and with surrounding Departments. In the future our equipment will be used for trainings and provided a fighting chance for our officer's against deadly threats if, and when they arise. In the end this equipment along with training will make sure our Officers get home at the end of their shift to our loved ones, and for that in its self we are truly thankful.

A handwritten signature in black ink, appearing to read "Roman Marrufo-Delgado". The signature is fluid and cursive, with a long horizontal stroke at the beginning.

Chief of Police Roman Marrufo-Delgado
