Date: 4/1/2013

This letter serves to formally express my personal and professional appreciation for the efforts of the United States Deputy Sheriff's Association to create a program allowing officers from financially challenged agencies to receive free training. In my humble opinion, this is exemplary of the leadership the USDSA delivers to law enforcement in the United States.

The experience basis that Mike Willis and David Hinnars, brought to the training was excellent. I know the Officers and Deputies of Dumas and Moore County will greatly benefit from the training we received the 23rd and 24th of March 2013. The trainers of USDSA were experienced, professional and personable during my interactions with them this weekend. Please share my commendations to all the staff. It was because of these experiences; I always promote the USDSA and strongly encourage other deputies and agencies to join.

In closing, I simply would conclude with job well done, and take great pride in knowing that you are a great resource supporting the Deputies and Officers in the defense of our nation.

Thank You

Sergeant Brandon Jones
