Mike Willis  
United States Deputy Sheriff's Association  
National Training Director / Law Enforcement Program Coordinator

Dear Director Willis,

I wanted to thank you for the generous donation of the Intoxilyzer 500 and Point Blank body armor to our department. As you may know, due to budget constraints, small departments such as ours sometimes go without updated equipment. Your donation has enabled us to upgrade our equipment without affecting our operating costs. Our entire department is very grateful for this opportunity and we thank you for including us in the equipment donation.

Respectfully Yours,

Bart Moore  
Chief of Police
