

To the Staff of the USDSA,

Thank you and your organization for the life saving equipment donated to Archer County Constable PCT 3. These items will be of great use to our agency. These items will help ensure safety and efficiency at our Law Enforcement duties.

Each donation received plays a huge part in our office. As a small agency that has been empty for 14 years, equipment was not there since there was no one before myself.

Again, thank you for what you do for agencies across the United States. You are highly appreciated by each and every single one of us.

Sincerely,
Diana Patterson
Archer County Constable PCT 3
