

Mike,

On behalf of the Abbeville County Sheriff's Office and Uniform Patrol I would like to say that we are very grateful for your program and the effort made by you and your staff! The implementation of these spike strips will aid our deputies in the apprehension of fleeing suspects while maintaining safety among our deputies and the community. These units will be issued to patrol supervisors to allow for each uniform patrol shift to have the opportunity to peacefully resolve any conflicts involving fleeing vehicles. The added training device will also allow us to practice safety tactics with deployment and concealment to further aid us in maintaining the safety of our deputies in the field.

Again, I would like to extend my greatest appreciation in the donation of this equipment and the overall professionalism of your organization.

Sincerely,
Sgt. B. Anthony
ACSO Uniform Patrol
