Alec Cooper
Chief of Police

Andrew Peterman
Officer of the Year 2022

To: The United States Deputy Sheriff's Association.

From: The Ada, Ohio Police Department.

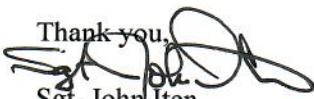

On behalf of the entire department, our deepest gratitude is sent to you and your organization for what you do for departments around the nation.

As we all know, every department has budget issues. Ours is no different. Being a department of 9 Full-Time Officers and 2 Part Time Officers, there are times when limited manpower is something we all have to deal with. Sometimes, an officer is alone for a period of time, and in law enforcement, we can't schedule the calls we respond to.

This donation of the FLIR camera is an officer safety game-changer for us. Officers will no longer walk into situations blind because the suspect has the upper hand of darkness.

We at the Ada Police Department can't thank you enough for donating a tool like this to us for everyone's safety. This includes the public. When a suspect is running at large, the general public is as much at risk of them as officers pursuing them.

Thank you,

Sgt. John Iten
