Dear Mr. Mike Willis,

On behalf of the Alamo Police Department we would like to take the time to give you and your agency a big thank you for donating the USDSA TRAUMA KITS to our agency so that we can distribute them to our patrol officers. We hope and pray that we will never have to use them, but in the unfortunate event that we do, we now know that our patrol officers will be equipped one step further to preform the 1<sup>st</sup> responder's duties. We look forward to creating a better and stronger relationship between our agency and yours.

Sincerely,
