

Berrien County Sheriff's Office, Georgia

Tactical Entry / Active Shooter and Felony / High Risk Car Stop courses

October 2021

"I've been in law enforcement since 1984 and I've attended to many schools to count. However, this class along with the excellent, professional instructors is by far one of the best courses that I have attended. All of them are a credit to the organization in which they represent. I look forward to another chance to take one of their classes.

Thanks.

Ed Yarbrough"

"It was a pleasure to host and have these four fine trainers come and training our unit on intruder drills and felony stops. This is the second time I've had the privilege of being trained by them. Each time they have added more and gone further in-depth with the training. The hands on they provide is far above and beyond what I expected. Their concerns of asking if there is a better way they could explain or show each deputy how to enter and secure the facility. Felony stops are what all officers need each year as no stop is the same and they don't happen as we are trained that's why each year the hands on is what is needed for all police agencies. Again, thanks and please let these gentlemen know how much we appreciated their assistance. God Speed. Deputy Bill Woolridge SR-3."
