Mike Willis  
United States Deputy Sheriff's Association  
National Training and Programs Director

Mr. Willis,

I was writing in reference to the donation of the ballistic shield that your agency donated to our department. I wanted to thank you and the Association for the shield. The shield will greatly enhance our inventory of emergency response equipment.

We received the shield last week and it has been placed into immediate service. It is our hope the item will not have to be used in a crisis situation. However, based on recent events and changing societal problems it is of great piece of mind having the shield.

I appreciate your help and the ease of which you made this donation possible. I will send a photo along with this letter including some of our officers and the shield you provided to us.

I look forward to speaking to you again and possibly working together on future projects.

Respectfully Submitted,

Chief of Police  
D.S. Calvert #301.

A handwritten signature in black ink that reads "D.S. Calvert #301". The signature is written in a cursive style with a large initial "D" and "C".
