

From behalf of the officers, our families and the town of burns flat we want to thank you for all the help you guys have given us. We are a small 4-man department and have to buy most of our equipment ourselves. It is very taxing on our officers and can be very expensive to be fully prepared to go into these dangerous situations. The helmets you have sent us will help us come home to our loved ones. They have been a huge help and we could not thank you enough for what you do.

Asst. Chief Armfield
Burns Flat Police Department, Oklahoma
