The Carroll County Sheriff's Office would like to sincerely thank you for helping to meet the needs of our department. Our deputies are our biggest asset. Your donation will be critical to help keep these officers safe while responding to increasingly dangerous situations. The 6 vests your organization donated have been issued and will be used daily by our front line officers.

Again, thank you for making this such an easy process and for everything your organization is doing to help keep our officers safe. It is appreciated more than you know.

Sincerely,

A handwritten signature in cursive script that reads "Ryan Kloepping".
