Dear Mr. Willis,

I want to express my sincerest appreciation for awarding the Castleton Police Department the USDSA Cash Grant. With this funding opportunity, we were able to purchase 6 ballistic helmets and a Taser (CEW) Simulation Suit. These helmets will most definitely provide significant protection for my Officers, that we would not have been able to purchase due to small department budget constraints. The Taser Simulation Suit will enhance our Taser training and provide more realistic training opportunities for my Department.

On behalf of everyone at the Castleton Police Department, I would like to again say thank you! We appreciate the dedication of the USDSA to provide equipment and funding to Law Enforcement agencies across the country.

Sincerely,

Patrolman Justin Szarejko
