Mike Willis, LE Program Director  
United States Deputy Sheriff Association  
2233 S. West St. Ct.  
Wichita, KS 67213

Mr. Willis,

I want to express my sincerest appreciation for your generous donation of a new dynamic entry ram and backpack entry tool set. The Castleton Police Department strives to have the most up to date tools available to our Officers to provide the highest level of safety to the communities we serve. However, with limited budgets we are not able to purchase items such as these for our department. We are grateful to you and your organization for the support you have provided to our Department and other agencies across the United States. Without organizations such as the USDSA, agencies would continue to struggle to provide proper equipment needed to assist Officers in our daily calls for service. On behalf of my entire Department, thank you.

Sincerely
