September 22, 2021

To Whom it may concern,

I would like to take this opportunity to express our gratitude to Mike Willis, with the United States Deputy Sheriff's Association for their generous donation of equipment to the Cedar Bluff Police Department.

With the ever increasing prices for equipment and other related expenses, it's a huge help to ensure the needed equipment get's into the hands of officers at small departments; like ours. We actually used the Terminal Camera the same evening that we received this piece of equipment. The PBT has been put into service and all of my patrol officers now have one in their cruisers and we were able to upgrade out vehicles first aid kits.

Thank you so much for you support.

Chief Michael Brown
Cedar Bluff Police Department
Cedar Bluff, Virginia
