Hello ,

Thank you for your generous donation to the Breann Leath Memorial Fund. The Central Indiana Police Foundation has been overwhelmed by the amazing show of support for the Leath Family and specifically for her precious son Zayn. Generosity like yours has given the family some financial peace during a very dark time.

I spoke with Officer Leath's father, he and her mother wanted me to share how thankful they are for your support. They can feel the love and prayers. They know the prayers are what has carried them through this unimaginable tragedy as their faith is what they are standing firmly on. As the Leath Family continues to grieve, each coming day is a little better than the day before knowing they have a tremendous amount of blessings that are being given to them, such as yours.

The Foundation has received many kind notes, all of which are being collected and we will give to the family soon.

Thank you again!

Sincerely,  
Lisa Rollings, Executive Director
