Wichita, Ks. 67216

Greetings,

We want to thank you personally for the donation of the three (3) Point Blank ballistic vests for our full-time officers and the CMI Intoxilyzer PBT. We are a very small department and with a limited budget and these items are very much appreciated. Up to this point, we did not have a PBT in our jurisdiction.

This grant allowed us to be safer on the streets and to have a new tool with the driving under the influence cases that may arise in our town. On behalf of our department, our city council, and the citizens we serve, Thank you USDSA for your generous donations.

Respectfully,

James Reynolds #847

Chapman Police Department
