RE: Donated Equipment
DATE: November 01, 2022

United States Deputy Sheriff's Association,

On behalf of the Chattooga County Sheriff's Office, I would like to express my sincerest gratitude for the generous equipment donation. The donation of the plates, plate carriers and helmets for our School Resource Officers will better ensure their safety when responding to a dangerous situation. The safety of our officers and their ability to ensure the safety of our children is paramount. Should our deputies be called upon to respond to an active threat, this equipment will allow them to do so safer and be able to go home at the end of their shift to their families. Thank you again for the donation, the equipment is greatly appreciated.

Sgt. Joshua Powell
Special Operations and Training
