

Mike,

On behalf of the Chilton County Sheriff's Office, I wanted to personally thank you and your program for donating 25 emergency trauma kits to our department! We pray that we never have to use them, but in the unfortunate event we do, our deputies will be equipped thanks to you and your agency. Your agency was very professional and helpful. We received the trauma kits almost immediately after I contacted you. May God bless you and your organization for your generous donation. We can not thank y'all enough!
