Terry Skaggs, Chief

Hello Mike

The Clay City Police Department would like to take a moment. To say Thank You to the United States Deputy Sheriff's Association. Our department received a Donation of a Ballistic Shield and Six Trauma Kits. We are a small department and don't have the funds to purchase such items. We hope and pray that we will never need to use any of these items. With The Donation of these items, we are a better prepared department and have a much-needed extra layer of protection in the face of evil. This gear goes a long way toward having more tools. That we need to keep the community and our Officers safer from the situations we encounter. Before the donations from United States Deputy Sheriff's Association, we didn't have any equipment like this and I know our officers are very appreciative. Again, the Clay City Police Department, the Clay City Town Council and the citizens of the Town of Clay City. Would like to say THANK YOU!

Thank you
