

USDSA,

The members of the Clendenin, WV Police Department would like to THANK the USDSA for the donation of eight (8) tactical flashlights, eight (8) patrol trauma packs and the Preliminary Breath Test Kit. Pictured are two of our police officers, Lieutenant Joshua Hurt (L) and Officer Justin Watts (R) giving their "thumbs up" of appreciation. Please note also in the picture a sampling of one of the flashlights, trauma kits and the PBT. Because of your donation the officers are better outfitted to perform their duties. We look forward to working with the USDSA in the future and again, thank you for the donations and the work you continue to do for the law enforcement family.

--
