To: The United States Deputy Sheriff's Association

From: Sheriff Alan Norman
Cleveland County Sheriff's Office

I am writing this letter in appreciation to the dedication and services provided by the United States Deputy Sheriff's Association. They have provided us with numerous hours of training in the Instinctive Hand-to-Hand Combat class and the Tactical Entry/Active Shooter Response class. These training classes are invaluable and were provided with no cost to the Cleveland County Sheriff's Office or other agencies that attended.

In addition, we just received a set of advanced laser training pistols from Laser Ammo Technologies with their interactive targets. This will supplement our current training programs without taxing our ammunition supply and raising training costs. At a time when ammunition is hard to come by this is a blessing for the men and women serving the citizens of Cleveland County. This donation from the United States Deputy Sheriff's Association saved us approximately \$1000 in equipment costs to purchase this technology. We are extremely grateful for the United States Deputy Sheriff's Association, their staff, and their supporters.

Sincerely yours,

Sheriff Alan Norman
Cleveland County Sheriff's Office
