Dear United States Deputy Sheriff's Association:

Please allow me to thank you and your organization for generous donation to the Office of Campus Safety on the campus of Coahoma Community College. As a small rural campus safety department, some of the most needed items are well beyond our very stretched and limited budgets. Your donation of-5 Rifle Plate/Active Shooter Kits to our department will allow us to be prepared in the event that an unforeseen active shooter event should occur on our campus.

We are extremely thankful for this donation and look forward to a continued partner between Coahoma Community College and the United States Deputy Sheriff's Association.

I have included photos of two of our officers who are showcasing the donations to our department.

Again, on behalf of Coahoma Community College, we thank you so very much for this life saving donation to our department.

Sincerely,

George Brown
Campus Safety Chief

Karen Done
Division Director
