Dear Mr. Willis:

On behalf of the Columbia County Sheriff's Office, I would like to take this opportunity to thank you for your efforts in obtaining 6 rifle plate/active shooter kits for our office. We are in the early stages of creating a Special Response Team (SRT) that will respond to critical incidents, including active shooter calls. These items are a significant upgrade from our patrol soft body armor, and will greatly enhance officer safety during this critical calls.

Once again, thank you for your support of our agency, and I wish you continued success in your programs.

Respectfully,
