RE: THANK YOU

I am writing this letter as a formal thank you for the generous equipment donation that you thought so much of this agency to give. It is only because of people and organizations like you all at The United States Deputy Sheriff's Association, which underfunded agencies throughout the country, can survive.

On behalf of Columbia Housing Police, please accept this sincere Thank You for all you have done along with your selfless donation to this agency. I look forward to hearing from you and working with you in the near future as we continue to form a great and never ending partnership with each other. If I can be of any assistance to you with anything, please don't hesitate to call on me and this agency. Also, whenever you are in the Columbia, SC area; I will always be ready and available to be a service to you.

Sincerely,

Damian A. White
Chief of Police
Community Safety Manager
