To Whom it May Concern:

The Cuba City Police Department would like to send a sincere THANK YOU to you and the entire USDSA! We received the three ballistic helmets we were granted through the Equipment Grant Program and they are amazing.

Until we received these helmets the Cuba City Police Department did not have ballistic helmets for any of our officers. Now, because of your generous donation everyone in our agency has a ballistic helmet to wear if ever in a critical incident.

Again, we send our gratitude to you and your organization.

Take Care,

Chief Terry Terpstra and the entire Cuba City Police Department
