To: United States Deputy Sheriff Association

The Dakota County Sheriff's Office would like to extend our thanks and gratitude for the donation of 17 individual first aid kits. This is something that I, personally have been working on finding funding for the last 12 months. It took an application and a phone call from Mike to make it happen.

These kits will allow our deputies to be able to aid themselves or aid another person in the event of an arterial bleed with equipment that prior to right now, we did not have. That is a comfort for all of us and when the event occurs, the citizens we serve and protect will be grateful for as well.

Again, we would like to extend our sincerest thanks and deepest gratitude for what you did for us.
