Ref: Body Armor donations from USDSA

Dear Mike,

I want to thank you and your great association for the donation of the ballistic body armor. Our body armor was outdated and due to budget constraints we were not sure of when we would be able to replace the ones we were using. I thank you and your association for caring about the officers that are out here working and for your support. It really makes us feel better knowing that groups such as your still support law enforcement.

God bless you and your great organization and thank you so much for your assistance in these times where law enforcement truly needs your backing.

Thank you again,

Chief Inv. Andy Blizzard #2521
