November 10, 2022

To: Director Mike Willis and United States Deputy Sheriff's Association

Dear Mr. Willis

I would like to thank you as the Program Director and the United States Deputy Sheriff's Association for the donation of active shooter body armor. The donation is a tremendous add to our small department and a great benefit to the safety of our officers. Like many small departments that often do not have the means to purchase needed equipment, this donation is greatly appreciated. We hope that we never have to use them, but it's always better to have them just in case. Thank you and your staff for your support and the generosity you offer with this program.

Sincerely,

James Edwards
Chief of Police
Dixie Inn Police Department
