

On behalf of the Edwards County Sheriff's Office, we would like to express our sincere gratitude to the United States Deputy Sheriff's Association with their generous donation of the FLIR Scout TK.

Since we have received the donation, it has been used for various cases within the county most recently to assist on a structure fire as well as in December 2022 it was used to assist in finding an Army Officer's lost dog.

Again, Thank You! For your support and equipment, you have provided to law enforcement nationwide.
