Subject: Donation

On behalf of Sheriff Robert Wolfgang, My fellow Deputies and myself, I would like to extend a very heartfelt thankyou for the very generous donation of equipment. The gear has all been received, inventoried and distributed to the Deputies. Thankfully they only thing that has not been used is the IFAK emergency kits, all other gear has been utilized in a variety of incidents. This gear will go a long way in our attempts to not only provide our Deputies with the latest and most up to date gear to protect themselves but also help fight the ever growing Driving under the influence problem. We look forward to our upcoming training in August.
