RE: Grant Equipment

Dear United States Deputy Sheriff's Association

Over the last two years the Hayden Lake Police Department has received two of each of the following pieces of equipment; spike/stop strips, ballistic helmets, and plate carriers. I cannot express my thanks enough for these vital pieces of equipment. As a two-officer agency, my budget is extremely tight and quite often safety equipment becomes unattainable due to cost. The United States Deputy Sheriff's Association has been a life saver and I, and my officer, are in debt to you. Groups like yourselves are truly what allow small agencies like Hayden Lake to remain afloat. From the Hayden Lake Police Department, a sincere THANK YOU!

Please contact the City of Hayden Lake if you need any further information.

Respectfully,
Chief Morgan John
