Howard County Sheriff's Office

8360 Court Ave

Ellicott City, Maryland 21043

cureed@howardcountymd.gov

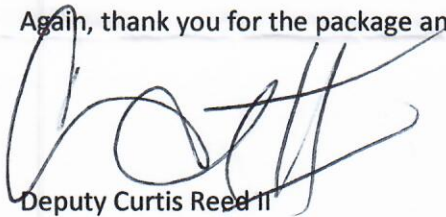

Office 410-313-4211

Mr. Hanners,

I want to thank you and The United States Deputy Sheriff's Association for the package we received in our office today. It truly was a pleasant surprise opening the box and seeing the "Thank You" cards of support for Law Enforcement from various people and the samples of tourniquets. In these trying times for the LEO community it serves as a nice morale booster. We had not known about your organization before we received the package however after looking at your website and speaking with you we are glad to have you on our side, we appreciate all that your organization does for the LEO Community.

We are a small Sheriffs Office located in Ellicott City Maryland, Howard County is the County we serve. Our Sheriff, Marcus Harris is an Elected Official currently serving in his first term as the Sheriff. We are in the process of building a new Howard County Courthouse (<https://app.oxblue.com/open/clarkconstruction/howardcocourthouse>) to replace our old Courthouse that was built over 100 years ago. Our Sheriffs Office like many other Law Enforcement Agencies have been unexpectedly hit with decreased funding as it result of needing to redirect some of our County resources to assist with the Covid -19 Global Pandemic. We are interested in getting some more information on the USDSA Cash Grant for Law Enforcement that your organization offers. The Grant could help us offset some of our decreased funding and would help our office get some much needed equipment for the Howard County Courthouse.

Again, thank you for the package and I look forward to hearing from you.

A handwritten signature in black ink, appearing to read 'Curtis Reed II', written over a printed name.
