Attn: National Training Director Mike Willis

Mr. Willis,

Our agency was grateful to be notified we received a grant this year for the following equipment:

Six (6) blue guns
Six (6) pairs of ASP handcuff trainers
Two (2) additional blue mats for defensive tactics

The addition of this new equipment will allow us to focus on our Agents being able spend more time training in defensive tactics, weapon retention and improve handcuffing skills.

The equipment we received from the US Deputy Sheriff's Association has opened up new avenues for our training curriculums and will allow us to introduce some new training for our Agents.

In law enforcement we constantly encounter deadly scenarios and the new equipment we received will allow us to train our staff better and prepare them for the encounters they might experience.

Thank you, for supporting law enforcement and giving our agency the tools necessary to ensure our agents are properly trained to handle the hazards we encounter in our daily duties.

Sincerely,
