From: Kingsland Police Department

Ref: Donated 25 Emergency Belt Trauma Kits

Date: January 14, 2022

On behalf of the officers of the Kingsland Police Department I want to extend a thank you to the United States Deputy Sheriff's Association for the donating of Donated 25 Emergency Belt Trauma Kits. These kits will be distributed to our officers who continue to be on the front line not backing down from those who would wish bad things upon them. I know our officers are better prepared for survival having these kits should they ever need them.
