The Lake Worth Police Department would like to thank Mr. Mike Willis and the United States Deputy Sheriff’s Association for donating a ballistic shield to our department. Daily, officers across the United States willingly go into harms way to protect their communities. Often, they go with little protection and at great risk to their personal safety. This piece of equipment will undoubtedly provide lifesaving protection to our officers. Thank you for your generosity and for prioritizing the safety of law enforcement officers across our country.

– Chief Manoushagian
