Subject: Equipment Donation

Mr. Willis,

We would like to extend a grateful thank you for approving, ordering and overseeing the shipment of our new ballistic helmets.

These helmets will assist outfitting our new Tactical Response Team to serve Langston and Langston University.

We serve a grateful community but have very little sales tax dollars to help our department grow and our first responders outfitted with the proper equipment to do their jobs to the maximum of their potential.

This personal protection equipment donation will help us secure this mission and solidify our endeavor to our community.

Honorable G. Michael Boyles,
Langston Mayor

CC: Jay Hill, Police Chief
