

To USDSA,

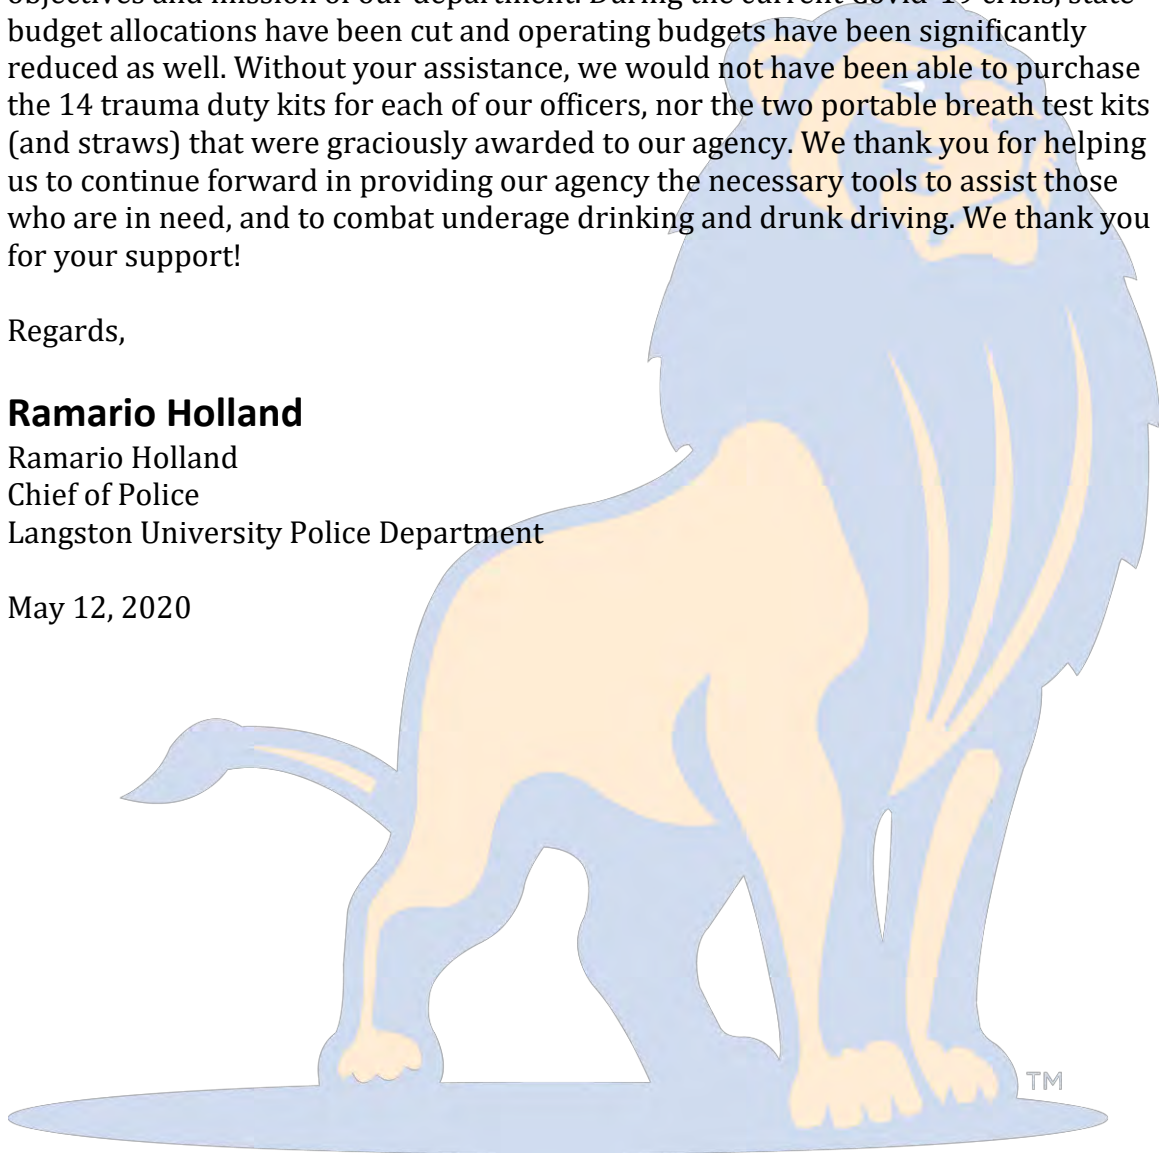

I would like to thank the United States Deputy Sheriff's Association for providing the Langston University Police Department with the essential tools in order to meet the objectives and mission of our department. During the current Covid-19 crisis, state budget allocations have been cut and operating budgets have been significantly reduced as well. Without your assistance, we would not have been able to purchase the 14 trauma duty kits for each of our officers, nor the two portable breath test kits (and straws) that were graciously awarded to our agency. We thank you for helping us to continue forward in providing our agency the necessary tools to assist those who are in need, and to combat underage drinking and drunk driving. We thank you for your support!

Regards,

Ramario Holland
