

Thank you for the cards your Association sent to the Lexington Police Department to distribute to our officers. The current climate can be discouraging for law enforcement, especially our younger ones who are just starting their careers. We are losing people like every other agency and sheriff's office in the country, but thoughtful gestures like yours can provide just the needed encouragement at the right time to keep one person from leaving. The personally signed cards was a very nice touch and I know our officers appreciate the support.

Thank you again.

Assistant Chief Dwayne Holman  
Bureau of Administration  
Lexington Police Department
