United States Deputy Sheriff's Association,

On behalf of the Lincoln County Sheriff's Office, we would like to express our deepest gratitude for your donation of 10 ballistic vest to our agency.

We were able to outfit deputies that have been wearing vest that were the wrong sized, some faulty, as well as out of date. Your generosity and support not only ensure our deputies safety, but has been a great relief to the county as budget has prevented the purchase of vest in the past.

If there is anything that our office can do to help with anything, please let us know. Again, we thank you for your donation, and the time set aside to help us through the process. We could not be more grateful.
