The Town of Losantville and the Losantville Marshals Office would like to thank the United States Deputy Sheriff Association for their generous donation of a new Portable Breath Testing device. This device will allow our department to more effectively enforce Driving while Intoxicated cases within our jurisdiction.

This grant allowed us to replace a piece of equipment that was in very poor condition that our department has had in service well past its prime, we are grateful to the USDSA for all the work they are doing for departments across the entire United States.

Respectfully,
