

Thank you for sending the Lafayette, LA Probation/Parole Department (LFD) the emergency belt trauma kits. This generous donation is very much appreciated and lets us know that others do care about the safety and well-being of law enforcement Officers, and the general public. The Officers are most grateful to have their own individual kit available to be utilized in a time of need. The kits will definitely be put to good use since the field Officers encounter many situations as they go about conducting their daily work duties to ensure public safety.

Once again, Thank you from the entire Lafayette District Probation/Parole Staff.

Sincerely,

Jennifer T. Fontenette

District Manager

Lafayette District P&P
