To the individuals of USDSA,

I want to thank you for your donation of the ballistic helmets to the officers of my agency. I do my best to provide my officers the best equipment possible to do their jobs safely. I am extremely grateful for organizations, such as yours, that fill the gaps where budgets fall short.

It is hard for smaller departments to fund the equipment needed for policing in today's society. Again, I am extremely grateful for helping us protect the officers that serve our community.

Regards,

James Logsdon

Chief of Police.
