Re: PBT Donation

Mr. Willis,

It is often difficult for our Department to keep up with quality equipment due to budgetary constraints. Therefore, our FOP Lodge often seeks out organizations, such as yours, for donations to help bridge the gap between our Department's budget and needs.

We wanted to express our appreciation to your agency for the generous donation of the four portable breath tests. Our Department has never utilized PBTs and we look forward to implementing them into our police work.

Respectfully,

Tristan J. Walker, President
