Dear Mr. Willis,

The Oswego City Police Department would like to thank the United States Deputy Sheriff's Association for its donation of tourniquets and tourniquet holders to our agency. This donation will enable our officers to have expanded access to these life-saving devices, which is not only imperative for the safety of our officers, but for the safety of the greater community as well. Our law enforcement officers are often the first responders on the scene to not only law enforcement calls for service, but also EMS & fire calls for service, all in which the application of a tourniquet may prevent the loss of life or further complications from serious physical injury. These life-saving devices will undoubtedly make our community safer, and we thank the United States Deputy Sheriff's Association for their continued support of law enforcement agencies across the nation.

Sincerely,

Brandon Lummis #6021
