Dear Mr. Willis,

The Pawnee County Sheriff's Office is especially grateful for the recent donation of 6 Ballistic Helmets.

As most Agencies can attest to, their Budgets are becoming more restrictive, between COVID and Overseas Issues.

Over the past year our department has really picked up on drug cases and search warrants post COVID. As a smaller agency trying to obtain the right equipment to better protect Deputies during these situations and keep them as safe as possible during these difficult times we are all faced with, when society doesn't seem to have the same respect for Law Enforcement as in past times.

Thank you again for helping supply Law Enforcement agencies throughout our Nation with equipment, which truly does save lives.

Our Deepest appreciation and thanks to this organization for what they do.

Respectfully,

Larry K. Atteberry
Pawnee County Undersheriff.
