Roel Bermea  
*Chief of Police*

Dear USDSA,

The Peñitas Police Department has received the belt trauma kits and Use of Force training equipment, through Combat Sports. Both are essential equipment which will benefit our officers. We want to commend Mike Willis for his assistance. The process was easy, and the items arrived in a timely manner.

Smaller police departments greatly benefit from Associations, such as yours, in assisting with equipment and future training opportunities. We appreciate your hard work and dedication on protecting the Law Enforcement Community.

Sincerely,

A handwritten signature in black ink, appearing to read "Roel Bermea", with a long, sweeping flourish extending to the right.
