

*Mike Willis,*

*I would like to take the time to express my appreciation to the United States Deputy Sheriff Association's for the detail training Mike Willis and David Hinner provided our Railroad Police Department with. I feel the Active Shooter and Tactical Entry Training has already profited this Department. Having the right training is critical when clearing buildings, train locomotives and train cars. The Defensive Tactics and Use of Force training you provide our Department with has already been of great profit. It has increased our knowledge and awareness of situations and how we handle ourselves in these situations. I feel the Training was successful and will recommend your service to other Police Departments.*

*Sincerely,*

*Chief Andy Midkiff*

*R.J. Corman Railroad Police Department*
